Topic 2: Treatments for cancer

Go to the website: <http://www.macmillan.org.uk/Cancerinformation/Cancertreatment/Treatments.aspx> and answer the questions below.

1) Explore the sections “Treatment types” and “Complementary Therapies”. Under each of these general themes, choose two things which help people fight cancer (like the medicine imatinib, yoga, radiotherapy...). Go over the information and make sure that you have enough information to fill out this table. The goal here is to have a general overview of different cancer treatments. You do not need to read everything.

	Name of the treatment/therapy	Two things this treatment/therapy does
Treatment type	<hr/>	1) <hr/> 2) <hr/>
Treatment type	<hr/>	1) <hr/> 2) <hr/>
Complementary Therapy	<hr/>	1) <hr/> 2) <hr/>
Complementary Therapy	<hr/>	1) <hr/> 2) <hr/>

Choose one treatment from question 1

Read carefully the treatment description. Answer questions 2 to 5.

2) Explain how this treatment works.

3) Explain why we use this treatment.

3) Name the side effects OR the benefits on the mind and the body:
